OR OHANOUNA

I'm a passionate industrial designer with a right balance of aesthetic sensitivity & mechanical aptitude, a keen eye for detail, and ability to light up key software experiences through flagship hardware have allowed me to work on a broad range of exciting projects. I'm an adaptable person, working independently or as part of a team. based in Tel Aviv, Israel.

EXPERIENCE

DESIGN & PRODUCT MANAGER FOTO MASTER LTD 2017 – PRESENT

Lead Designer for the in-house product development team in Foto Master, software and hardware company for the entertainment industry.

- Hands-on direction of all aspects of the product development cycle A-Z, while solving day to day problems.
- Work hand in hand with the software teams to deliver complete experiences.
- A key contributor to the design and success of the Mirror X Booth, modern photo booth. Sales were 300% more than first-year projections.
- Provided myself as a cross-functional role To help the company become an in-house -fabrication-company by establishing a production line factory, based in CT, US.
- Developed multiple successful product lines in a wide variety of manufacturing technologies.

INDUSTRIAL DESIGNER FREELANCE DESIGN SERVICE 2016 – 2017

I provided design services for small and large clients. Diverse design disciplines include Industrial design, graphic design, exhibition design, and illustration.

- Worked closely with Design teams to create Africa exhibition for **Tel Aviv Museum** and Natural Science exhibition for **Bezalel Academy**.
- Research design styles, materials and motifs to get a new viewpoint and produce design concepts for **Studio Cheha**.
- Designed and developed street furniture through concept, sketching, CAD, prototyping, 3D renderings and drawings for **Studio Avidani**

INDUSTRIAL DESIGNER ZØRE 2015 – 2016

Industrial designer at the new generation of gun storage start-up.

- Assisted Zøre team to launch in Indiegogo, a crowdfunding platform, the company raised 600,000USD.
